

Baby Boo Momme

Love it! Our delightful choker design will turn a classic outfit into Halloween finery. DIY in no time.

Team it up with the DIY Bewitching Hat for the complete look.

What's Needed:

Pumpkin Bead (1)- Bead Gallery
Pearl Bead 10mm (1)- Bead Gallery
Light Green Crystal Bead (8 or 10 mm)
Small White Glass Bead
Embroidery Floss #741- DMC

Crocheted Flower-Pre-made
Prickly Edge Grosgrain Black (1 YD)
Needle

8" Scissors- Fiskars

How To Make It:

Step 1

Cut 15 pieces of floss 6" long. Gather pieces in a bundle.

Step 2

Wrap and double knot a 12" piece of floss around the center of the bundle.

Step 3

Pull the strands together in half. Tie a 6" piece of floss around the top of the bundle to create a tassel.

Step 4

Comb the tassels floss to separate the strands. Cut bottom ends even. Do not comb the top two pieces of floss. These will be used to build the pendant and be referred to as "the hanger floss".

Step 5

Measure and cut the black trim to fit around your neck. Leave enough trim so choker can be tied 4" to 5" per side. Set piece aside.

Follow the diagram to build the tassel pendent.

Step 6

Thread one piece of hanger floss through the needle. Insert the needle through the flower. Repeat. Tie floss ends together in a double knot to hold pendent tightly in place.

Step 7

Thread both pieces of hanger floss through the needle.

Sew the green bead to the center of the flower.

Sew the flower in the center of the black trim.

Due to the weight, made a few stitches in different direction to hold the pendent upright and straight. Double knot floss to secure. Cut excess hanger floss off.

Note: To keep black trim ends from fraying bend each cut ends over about 1/2" and glue down.

Choker can be worn separately or paired with other Pumpkin and Pearl pieces.

Photo features the Classic Charisma necklace and Baby Boo Momme choker.

Build the tassel pendent from the bottom up.
