How To Make It:

Step 1

Pop both bags of popcorn. One bag will be used for each batch.

Step 2

Remove the un-popped kernels from each bag. Place one bag in a bowl.

Step 3

Begin melting the bag of candy melts. We choose a double boiler but the microwave can also be used. Follow package instructions.

Step 4
Gather the spicy hot trick ingredients together.

Step 5
Mix the churritos, broken pretzels and popcorn in the bowl.

Step 6
Pour half of the candy melts over the mix. Toss together for an even coat.

Step 7
Spread mixture on a parchment covered sheet. Chill in the refrigerator until firm.

Step 8
Hot glue the red candy eyes on 6 of the pumpkin treat bags. Red eyes = Spicy Hot.

Step 9
Fill the 6 bags with spicy hot trick mix. Fold flaps over.

Step 10
Place the second bag of popcorn and broken up Oreos in a bowl.

Step 11
Pour the remaining candy melts over the mix. Toss for an even coat.

Step 12
Spread mixture on a parchment covered sheet, add Sprinkles. Chill in the refrigerator until firm.

Step 13
Hot glue the white eyes on six pumpkin bags. Fill the bags with the sweet treat mix. White eyes = Sweet Treat.

Treat bags look fantastic arranged in a basket, bowl or set randomly around the table.
