8" Scissors and Pinking Shears- Fiskars®

We chose chocolate bars that are super yummy in fun shapes however, any chocolate bar can be used. Simply create a new size (wrapper) pattern by wrapping a piece of white copy paper around the bar. Cut paper to bars size. Follow steps B1–B4 below to assemble.

How To Make It: *All Hearts*

1- Download, print and cut out the heart pattern you would like to use.

2- Trace heart shape on the back side of selective paper.

Note: *All hearts are made in the same matter. Paper selection makes the difference.*

3 - Cut traced heart out using scissors.

4- One heart will be needed for every Valentine Candy Bar wrapper.

5- Turn heart over and apply stick glue to the entire back of the heart (yellow colouring = glue).

6- Place heart (glue side down) on coordinating card stock. Smooth heart down with hand to ensure a good bond. Let glue dry a few minutes.

7- Cut a square shape (*using scissors*) around the heart leaving a $\frac{1}{4}$ " to $\frac{1}{2}$ " border for pinking.

8- Cut a single slit (*using scissors*) from the outer edge of the cardstock to the center V point at the top of the heart (*this slit will make it easier to pink around the top of the heart*).

9- To create the pinked border, begin cutting (*using pinking shears*) the at the heart's tip.

10- Place the back of the pinking shears over the last pinked mark while cutting around the heart to keep pinked border pattern uniform.

11. Your paper heart is now finished. Repeat process until desired amount of hearts have been made. One heart will be needed for each "Oh, So Sweet" Valentine.

How To Make It: *Decorating or Lettering Hearts*

A1- Embossed patterns can be highlighted using colored pencils (*lightly colour in pattern, rub colour with a soft cloth*).

A2- If a name or salutation is desired, write message on heart now using a fine point Sharpie®.

How To Make It: *Assembling Ritter Sport Bar Valentines*

B1- Cut Ritter Bar wrapper pattern out. Trace pattern on selected cardstock and cut out.

B2- Lay Sport Bar (*front side down*) on cardstock. Wrap the cardstock around the bar. Crease side edges. Hot glue one end over the other to hold wrapper in place.

B3- Flip bar over (*front side*). Wrap ribbon around the center and tie a bow at the top.

B4- Attach paper heart in the center of the bar with a few pop dots or hot glue.

How To Make It: *Lindor Truffle Bar Valentines*

C1- Cut truffle bar wrapper pattern out. Trace pattern on selected cardstock and cut out.

C2- Place truffle bar front down in the center of the card stock. Roll cardstock around the truffle bar. Hot glue one end over the other to hold wrapper in place.

C3, C4- Flip bar over (*front side*). Attach paper heart in the center of the bar with a few pop dots or hot glue.

How To Make It: *Hershey's Large Chocolate Marshmallow Valentines*

D1, D2- Remove heart from wrapper. Place heart in cellophane treat bag. Tie bag closed with a piece of ribbon. Hot glue heart on top of the ribbon tie.

The size of this chocolate marshmallow heart makes a fun valentine.

How To Make It: *Goldfish and M&M Tube Bag Valentines*

These delightful valentines are made from scrapbook paper remnants.

E1, E2- Simply fill pretzel stick bag with a M&M's or Gold Fish Crackers. Tie bag closed with a piece of ribbon. Hot glue heart on top of ribbon tie.
