

## Ladybug Love

Basic DIY jewelry. Classic design is perfect as each bracelet reflects an individual's personality through the colour, beads and stringing pattern one chooses. Simply select beads, string and knot.

### What's Needed:

Ladybug Beads- Bead Gallery  
Millefiori Glass Beads- Amazon  
8 mm or 10 mm Crystal Beads (black)  
.8 mm Clear Stretch Cord-Cousin' Corp

8" Non-Stick Scissors- Fiskars

### How To Make It:

#### Step 1

Place beads, Clear Stretch Cord and scissors on a flat work surface.

Measure and cut a piece of cord to be strung.

- Small Wrist - 7" to 7.5"
- Medium Wrist- 8" to 8.5"
- Large- 9" to 9.5"

This bracelet is a slip on as the cord will slide over the wrist by being stretched lightly.

Prior to cutting the cord gather the cord ends together and slip over wrist to ensure correct size.

### Step 2

String the beads on the elastic cord. We used the pattern of:

- Black Crystal Bead (4 pieces)
- Millefiori Glass Bead (4 pieces)
- Black Crystal Bead (4 pieces)
- Ladybug Bead (4 pieces)
- Repeat (we repeated the pattern 4 times to make a med bracelet.

Tie the two cord ends into a double knot to close. Tuck the ends into the beads.

### Step 3

The finished bracelet will form a perfect circle and slip easily over the wrist.

Closure knot will slip into a bead hole and will not be visible.

If desired create a group or set by stringing additional bracelets.

### Step 4

This is an easy and fun project for pajama or birthday parties.

To create a unique gift presentation, make a Blu Arlan Soapbox Gift Box. Instructions can be found on our craft page.
