How To Make It: Grey Hare Puppets

1. Hot glue an extra jumbo craft stick to the back of a large Grey Hare. Glue the craft stick about 2 ½" in the center of the hare. Let glue dry. Repeat for additional puppets.
2. Grey Hares are now ready to play.
3. Puppets can be hidden with eggs, use as a plant stick or nestled in a napkin (*see below*).

How To Make It: Grey Hare Doodads

4. Hot glue a toothpick on the back center of a small vintage Hare to make a doodad.
5. Hare doodads can be used to decorate cupcakes.
6. Insert a Hare doodad in the top of a Tulle Wrapped Egg. *See our Spring page for PDF*

7. Use Hare doodads to serve seasonal fruits.
8. Hare doodads also make great cheese and vegetable picks.

Note: If serving small children use plastic coffee stirrers in place of toothpicks.

How To Make It: Grey Hare Napkin Rings

9. To make Grey Hare napkin rings simply double wrap a 16" piece of tulle around a napkin. Tie tulle ends together on the front side of the napkin fold in a bow. Hot glue the Hare to the center of the bow.
10. Place a tulle wrapped egg with bunny pick on top of a folded napkin for a modish look.
11. Tie a piece of tulle in a bow around a napkin. Insert a Hare puppet in the center. *Green napkins will look like lettuce.*

How To Make It: Grey Hare Tags

12. To make gift tags thread a 6" piece of embroidery floss through the top of the Hare. Add a floss tassel at the bottom a more elaborate basket tag.
13. Make nut, mint or carrot cups by hot gluing a Hare to a 3 stack of cupcake cases. *For something different fill the cups with baby or sliced carrot chips.*
14. For name tags or place cards use the blank center Grey Hares. Simply use a marker to write each name.
