

Twinkling Flutes

Add a dash of sparkle to your next festive toast. Our DIY twinkling flutes are a breeze to make and brings a playful atmosphere to any party!

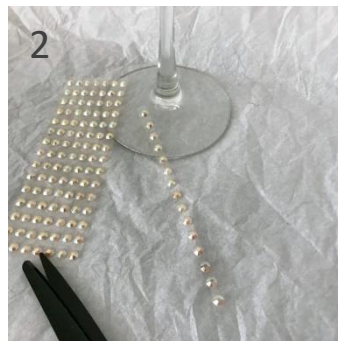

What's Needed:

flutes a champagne (Dailyware)-Bed Bath and Beyond

Sticker Gems Sheets (iridescent, pearl or coloured gems) - 1\$ Type Store

8" Non-Stick Scissors-Fiskars

How To Make It:

1. Place cleaned flutes and gems on a flat work surface.
2. If needed, cut rows of gems to separate the individual gems from the adhesive sheet.
3. Place sticker gems in a random pattern around the lower half of the flute.
4. To finish, place sticker gems in a random pattern around the base of the flute.

Note: Sticker gems are not permanent. Remove gems from flutes after use. Do not put gems down the drain or place in a dishwasher

To make additional projects, keep the corks and muselets from the prosecco or champagne bottles. We recycled ours into unique gift items. See our project PDF for instructions.

The prosecco of choice for this project was LAMARCA from Italy.
